

INSTRUCTIONS

DICE + TURN:

- Press the ROLL button to roll the dice
- You have to get a 6 when the game starts in order to start moving your pieces
- If you get a 6, you take another turn
- If a player get 3 6s in a row, than their turn is void and its the next player's turn
- Click the piece which you want to move for the FIRST ROLL
 - The piece will move itself according to the dice

KILLS:

- To kill another player's piece, your piece must land on the same box as that piece
- If the piece lands on stop, it cannot be killed
- If there are two pieces of the same color on top of each other, than that piece cannot be killed
- If your piece is killed, it must go back inside the base (where they were before the game started)

WIN:

- To win the game, all 4 of your pieces must traverse around the board and come into the home land
